Statistical report of operations at Unalaska, Alaska.

San Juan Fishing & Packing Co.,
Foot of Stacy Street,
Seattle, Washington.

Gentlemen:

The Bureau has not yet received a report covering your operations at Unalaska, Alaska, under the permit issued to you on April 11, 1923 by Mr. Dennis Winn at the Bureau's Seattle office. Please give this matter prompt attention in order that the data it contains may be included ⁱⁿ the annual statistical report of the Alaskan fisheries now being compiled.

It is noted in your report of operations at Seward and Sawmill Bay, Alaska, that you show a catch of 86,000 pounds of cod, which, in the absence of information to the contrary, were presumed to have been produced in the vicinity of Seward. If this catch was made near Unalaska, please indicate that fact in the report now requested.

Please bear in mind that the law of Alaska for the protection of the fisheries requires that a separate report be made for each fishery establishment. The consolidation of operations at several stations into one report should be avoided.

Very truly yours,

Henry O'Malley.
